Elevate Merchandising

Boost shelving capacity, product sales and restocking efficiency by adding Mini-Roller Systems onto new or existing wire shelves. The Mini-Roller Systems complete the line up for engaging product visibility, perfect well-lit presentation and improved food safety ensured by Anthony glass doors. Anthony is the single source for all of your Mini-Roller System, shelving, lighting and merchandising needs.

- Dividers and clear acrylic front-stop easily snap in for different product facings with multiple configurations to fit your needs
- Speeds restocking for labor savings
- No tools required for easy installation
- Easy reconfiguration for merchandising resets

Mini-Roller System Shelving Upgrade

Driven by gravity, the Mini-Roller System is a one-piece roller shelf surface that enables multiple-sized facings on the same shelf to slide smoothly and independently to the front of the shelf as items are removed. Ideal for single-serve beverages, the Mini-Roller System also provides labor cost savings by facilitating quick product resets and stocking. Easy to assemble and install in new and existing coolers with extreme flexibility for fast configuration changes.

Applications:

- Cooler & Freezer Shelves
