Sleek, High-Visibility Zero Energy Door

The Anthony® Vista® C Zero Energy Door delivers 65% energy savings when compared to standard cooler doors and is perfect for various cooler applications, including reach-in and retrofit. The Vista C Door provides a sleek design that offers high visibility with extreme convenience, and presents refrigerated products and floral displays with the ideal combination of visibility and ease of use.

- Zero energy cooler door
- Sleek, contemporary design
- No center mullion for high visibility
- Front-load raceway eliminates cold-zone service

Vista® C | 65% Energy Savings

Available in satin silver and black single or double-door sets, the Vista C Door offers a high-visibility design for refrigerated reach-in displays that provides optional single-wide and double-wide shelf LED lighting and easy product access.

Vista C Energy Savings with Visibility
