Pass-Thru Doors

DOMESTIC (USA & CANADA)

COOLER

Fully Functional and
designed to match
your line-ups

Anthony® Pass-Thru Doors are designed to match your reach-in door lineups, these sturdy and attractive Pass-Thru doors provide easy access to your walk-in cooler.

For increased sales volume in walk-in coolers, additional beer, beverage or deli items can be merchandised behind the Pass-Thru door. Anthony's Roll-A-Way Beverage cart is rolled back and out of the way for access to the cooler. When the door is not in use, the Roll-A-Way is pulled back up behind the glass door, with wheels locked, increasing your merchandising display area.

Standard Features:

- Bottom frame threshold
- Adjustable vinyl wiper seals
- Variety of Finishes and Handles to Match Reach-In Door Models
- Door stop feature limits how far the door opens to minimize impact with adjacent doors and shoppers.
- Automatic hold-open provides shoppers with easy access to merchandise and allows for easy stocking
- TorqueMaster Door Adjustment
- Size 38 x 81 built in line with ADA Standards
