### Maximum Flexibility and Savings

LifePlus Gasket® provides superior sealing performance and longer life compared to standard PVC gaskets to better lock in refrigerated air and save on energy costs. Made of long-lasting polymer, LifePlus Gasket® retains tight sealing performance throughout repeated thermal changes including anti-condensate heat cycles, and door openings and closings. LifePlus Gasket offers greater energy efficiency and lowers operating costs by extending gasket life and decreasing the need for maintenance.

- Increases door gasket life by over 100%
- Last up to 5x longer than conventional PVC Gaskets on the market
- Excellent door sealing performance at low temperatures
- 1 year labor, and 3 year part replacement warranty
- Enhanced customer shopping experience by eliminating air leakage
- Reduced maintenance costs

# LifePlus Gasket® | Long Lasting Premium Gasket

LifePlus Gasket's excellent elastic recovery over a wide temperature range retains tight sealing performance throughout repeated door openings and closings, anti-condensate heat cycles and other thermal changes. Compared to standard PVC gaskets, LifePlus Gasket assures significant energy savings, superior sealing and longer life.

## Applications:

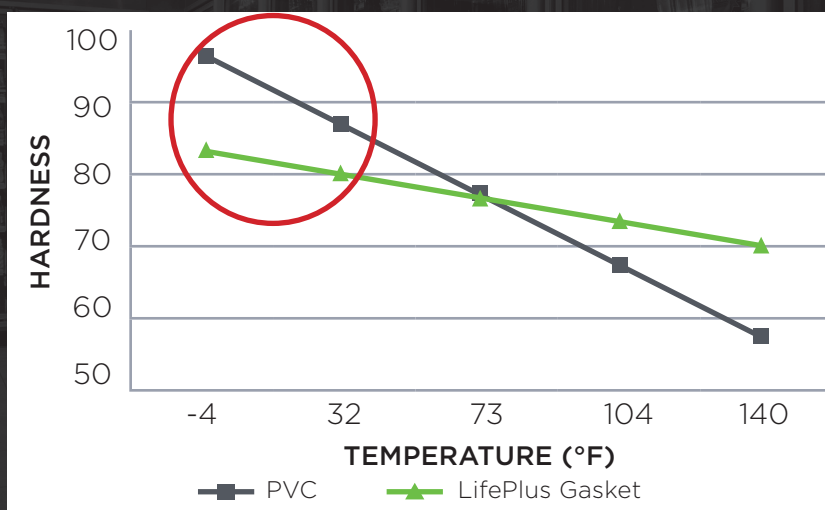

- Cooler and Freezer
- Retrofits onto all Anthony doors with Aircell PVC door gaskets

## Standard Features:

- Magnetic Door Gasket for Tight Seal
- UL & cUL Compliant

## Standard on Anthony Models:

- 101
- Infinity 090
- Eliminaator
- Eliminaator Renu
- Select Outside Mount Models

Measurements of material hardness, clearly showing the benefits of LifePlus Gasket® versus PVC gaskets: greater flexibility and reduced gasket deformation vs. PVC at colder temperatures (see red circle) allows for tighter door seals when applied to coolers and freezers.

## Material Construction:

Competitor PVC

LifePlus Gasket

**Material properties have a higher resistance to fatigue, providing longer gasket life, energy savings and reduced air leakage.**
