Aluminum Frame

Plastic Frame

## The Style of Zero Energy

The Infinity® 060 is beautiful, elegant and designed for merchandise visibility. This newest addition to the all-glass surface Infinity Series, the Infinity 060 has a slimmer painted border (0.60"¹).

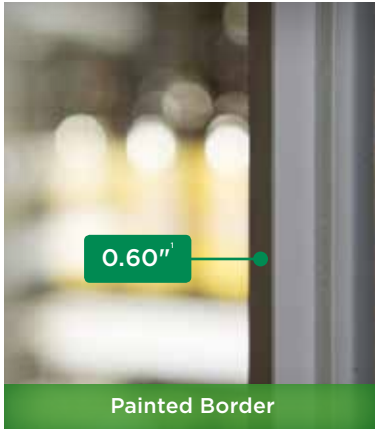

Engineered for maximum energy efficiency, the Infinity 060 has a standard aluminum frame or a durable plastic frame² to fit your budget and energy needs.

- The 0.60"¹ slim border increases merchandise visibility by 7% when compared to traditional doors
- No door or glass heat lowers operational and maintenance costs
- Up to 50% more energy savings with the plastic frame² vs. aluminum frame

¹Nominal size is 0.60", actual size is 0.62"  
²Only for cooler reach-in cases

# Infinity® 060 The Slimmer, Elegant Edge

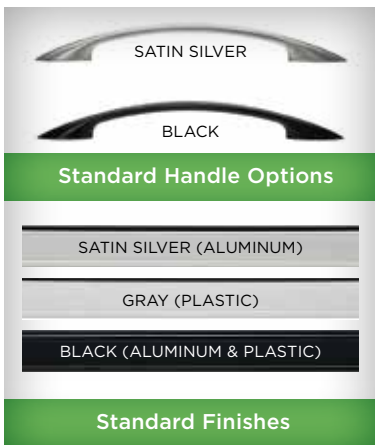

The slimmer addition to the Infinity® line, the Infinity 060 is best complemented with an Infinity 090 freezer line up and featured in a contemporary store design.
