These Net Openings are for Orders Placed on or after 11/08/2021. When ordering replacement doors or frames ordered prior to 11/08/2021 please use Legacy 401 Net openings found our Support page on website.

*Rows highlighted in light green with italic fonts are non-standard frame configurations to achieve maximum finished style openings in a lineup. Note: Always refer to net openings on sales order for correct size, as net opening sizes vary depending on features and configurations. Frame Configurations can be arranged as needed as long as number of frames and door openings remain the same (for instance on a 13 door lineup your frame configuration can be 5, 4, 4 or 4, 5, 4 or 4, 4, 5). Actual Net Opening Heights 67", 75", and 79"

NOTICE: Before installing the frame, confirm that the size of the net opening accommodates the finished frame, net opening should be larger by 1/8" than the frame size, there should be a gap of 1/8" on top, 1/8" on the right side, and 1/8" on the left side. If the gap tolerances exceed 3/8", the net opening will have to be reduced to reduce the gap within 1/8". Also, ensure that there is a minimum of 3-1/2" clearance from floor to top of the bottom sill (opening).
