*Rows highlighted in light green with italic fonts are non-standard frame configurations to achieve maximum french style openings in a lineup

Note always refer to net openings on sales order for correct size, as net opening sizes vary depending on features and configurations. Actual Net Opening Heights 67", 75", and 79"

NOTICE: Before installing the frame, confirm that the size of the net opening accommodates the finished frame, net opening should be larger by 1/8" than the frame size, there should be a gap of 1/8" on top, 1/8" on the right side, and 1/8" on the left side. If the gap tolerances exceed 3/8", the net opening will have to be reduced to reduce the gap within 1/8". Also, ensure that there is a minimum of 3-1/2" clearance from floor to top of the bottom sill (opening).
