## The Style of Zero Energy

The Infinity 060 is beautiful, elegant and designed for merchandising visibility. This newest addition to the all-glass surface Infinity Series, the Infinity 060 has a slimmer painted border (0.60")<sup>1</sup>.

Engineered for maximum energy efficiency, the Infinity 060 has a standard aluminum frame or a durable plastic frame<sup>2</sup> to fit your budget and energy needs.

- The 0.60"<sup>1</sup> slim border increases merchandising visibility by 7% when compared to traditional doors
- No door or glass heat lowers operational and maintenance costs
- Up to 50% more energy savings with the plastic frame<sup>2</sup> vs. aluminum frame

<sup>1</sup>Nominal size is 0.60", actual size is 0.62"

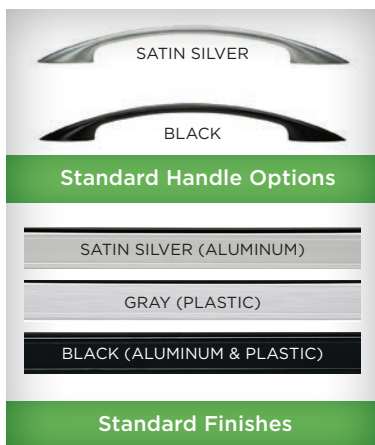

<sup>2</sup>Only for cooler reach-in cases
